Steel Materials

SC.MIN Innovation has a great strength on flat steels, not only like PPGI, PPGL, Aluzinc, Aluminized Steel, EGI, GI and so on, but also can handle all kinds of steel materials to the world

Mills in the world

We are focusing on Korean mills which have global quality standard. But as we have world-wide business aspect, we have relationships with the other northern east and southern east mills

Customers' success

Customer's success is SC.MIN Innovation's first priority. We suggest the best way to procure materials and timing for our customers

Buyer in Mexico

“ *SC.MIN INNOVATION is one of the smartest steel trader in the world as far as I know.* ”

Buyer in Czech Republic

“ *We perfectly satisfied with quality of materials which SC.MIN provided us.* ”

Buyer in Turkey

“ *I've never experienced before like that SC.MIN acts fast. They deserved to be named 'Innovation'.* ”
